# INVITATION

Welcome to IAPSMCON 2025 at Srinagar in the Paradise on Earth

Warm Greetings from the Department of Community Medicine, Government Medical College, Srinagar, Jammu & Kashmir, a mother institution of medical education in Jammu & Kashmir. It is a constituent college of University of Kashmir

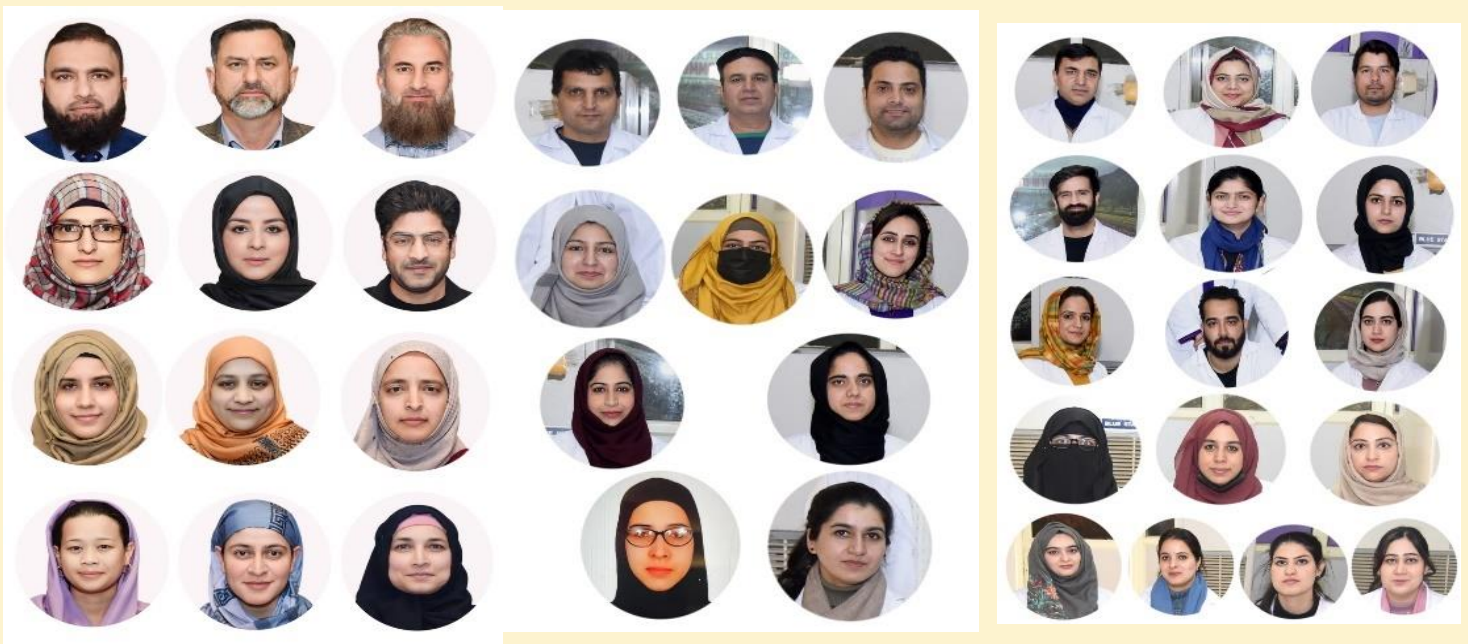

We are extremely delighted and honored to invite you to the 52<sup>nd</sup> Annual National Conference of the Indian Association of Preventive and Social Medicine, 'IAPSMCON 2025', to be held from 11<sup>th</sup> to 13<sup>th</sup> April 2025 at Sher-i-Kashmir International Convention Centre, Srinagar, Kashmir, India situated on the sprawling banks of world-famous Dal Lake on Boulevard along the foothills of Zabarwan range.

The theme for IAPSMCON 2025 is '**Integrative Approaches in Comprehensive Care in One-Health**'. The three-day conference will be preceded by pre-conference workshops being held on 10<sup>th</sup> April, 2025 at Government Medical College, Srinagar

**IAPSMCON 2025**, set against the captivating springtime backdrop of Kashmir's blooming valley, nestled amidst snow-capped mountains and the gentle waves of Dal Lake, promises to be an enriching academic festival. This gathering will serve as a platform for global public health professionals to foster growth, learning, connections, and collaboration. Attendees can exchange perspectives, explore fresh ideas, and draw inspiration for their future endeavors.

**IAPSMCON 2025** eagerly awaits your arrival with excitement. Join us for an invigorating and enriching experience where we can explore **Integrative Approaches in Comprehensive Care within the One-Health framework.**"

## Host Department

## ABOUT US

**Organizing Department:** The Government Medical College, Srinagar was established in 1959. It is the first and oldest Medical College in Kashmir. The Department of Community Medicine (Social and Preventive Medicine) was established in the same year with Dr. E. Anantha Rao as the first Head of Department (1959-1960). Looking back, department is being headed by seven HOD's before the charge was taken by the present Head of Department Dr. S. Muhammad Salim Khan on 1st May 2014. The Department is actively involved in MBBS, MD and para-medical teaching and training programmes. It has one health block in Srinagar, Block Hazratbal as its urban health block catering over 1.6 lac population comprising urban, rural and tribal sub-sets, with full-fledged administrative and financial control and have one SDH Hospital, 4 UPHCs and 12 HWCs. The rural health training centre at PHC Khag, district Budgam also has Model Rural Health Research Unit (MRHRU), the only centre in J&K sanctioned by Department of Health Research, MOHFW, Government of India in addition to CPHC Innovation & Learning Centre (CPHC-ILC) which is among few centres in the country. The Department of Community Medicine also publishes an official peer-reviewed journal titled Journal of Integrative Medicine & Public Health (JIMPH), published through Wolters Kluwer Medknow.

The Department of Community Medicine, GMC Srinagar also runs Urban Family Welfare Centre, Anti-Rabies Clinic, Yellow Fever Vaccination Clinic and Under-Fives Clinic at SMHS Hospital, the premier associated hospital of GMC Srinagar.

The Department has been conducted workshops on research methodology, qualitative research, SRMA and trainings on various national health programmes.

**Host institute:-** Established in 1959, Government Medical College, Srinagar is the biggest medical college in the region with MBBS, MD/MS and super-specialty course running successfully. It has eight associated hospitals spread within few kilometers from the colleges

providing specialized and super-specialized patient care to whole population of Kashmir division and referral services from Jammu and Ladakh regions, in addition to medical education and research The total bed capacity of GMC associated hospitals is around 3,000 teaching beds. It also runs college of nursing and para-medical sciences.

**Srinagar:-** It is the largest city and summer capital of Jammu and Kashmir and lies in the Kashmir Valley along the banks of the Jhelum River, and the shores of Dal Lake and Anchar Lakes, between the Hari Parbat and Shankaracharya hills. The city is known for its natural environment, various gardens, waterfronts and houseboats. It is also known for traditional Kashmiri handicrafts like the Kashmir shawls, papier-mâché, wood carving, carpet weaving, and jewel making, as well as for fresh fruits, dry fruits and world's most expensive spice. It is the second-largest metropolitan area in the Himalayas. The city is known for its nine old bridges, connecting the two parts of the city. Srinagar is also called the "Venice of the East and there are a number of lakes and water-bodies in and around the city. These include the Dal Lake– noted for its houseboats , the Nigeen, the Anchar, Khushal Sar, Gil Sar and Hokersar. Apart from these lakes, Wular Lake and Manasbal Lake both lie to the north of Srinagar. Wular Lake is one of the largest fresh water lakes in Asia.

Srinagar has some Mughal gardens, forming a part of those laid by the Mughal emperors across the Indian subcontinent. Those of Srinagar and its close vicinity include Chashma Shahi (the royal fountains); Pari Mahal (the palace of the fairies); Nishat Bagh (the garden of spring); Shalimar Bagh; the Naseem Bagh. Jawaharlal Nehru Memorial Botanical Garden is a botanical garden in the city, set up in 1969. The Indian government has included these gardens under "Mughal Gardens of Jammu and Kashmir" in the tentative list for sites to be included in world Heritage sites.

### How to reach Srinagar:

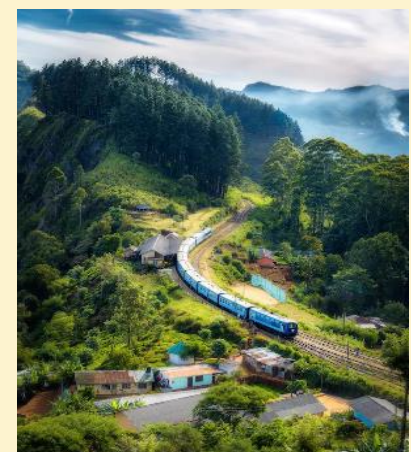

**AIR:** Sheikh ul-Alam International Airport has daily regular domestic flights to & from Delhi, Mumbai, Bengaluru, Kolkata, Ahmadabad, Lucknow, Hyderabad, Kochi, Chandigarh, Amritsar, Jammu, Leh and can connect from other airports through connecting flights. The aerial view across Himalayas and Pir Panjaal ranges gives enthralling views of snow-capped peaks.

**ROAD:** The city is served by many highways, including National Highway 44 (Kanyakumari to Srinagar via Delhi, Jammu), and travel enthusiasts may take a journey through picturesque National Highway 144-D (Mughal Road). Travelers from Jammu to Srinagar on NH-44 may experience travelling across multiple tunnels, longest being 9 kms.

**RAIL:** The Srinagar is expected to connect to the national railway network by August 2024, enabling the delegates to travel from any station across the country to Srinagar by rail. Currently rail reaches to Katra/ Udhampur and then from Sangaldan to Srinagar. The intervening section is expected to complete by August 2024. The train travelers would experience traveling through 20 major tunnels and 158 bridges, T-50 being 12.77 km long, the longest one.

**Weather during April in Srinagar:** The days are surprisingly warm and the nights are also less cold than in the previous months. The average temperature recorded in Kashmir in April is between 14 degrees to 30 degrees Celsius, allowing the tourists to take part in various activities hassle-free.

## CONFERENCE VENUE:

Sher-i-Kashmir International Convention Centre was established in 1977 as one of the best Convention Centre in the Country. SKICC is ideally located on the banks of famous Dal Lake overlooking the Zabarwan mountains in the backdrop and in the neighbourhood of Mughal Gardens. Designed by Joseph Stein, a world-famous architect, SKICC is equipped with Infrastructure of International standard best suitable for contemporary requirements of MICE (Meetings Incentives, Conventions and Exhibitions) industry. Its climate conditioned auditorium with a capacity of 750 delegates is braced with latest audio-visual system, simultaneous interpretation system and video conferencing facility. Banquet hall and other small halls and business centre equipped with high configured computers and wifi network makes it an ideal venue for MICE sector.

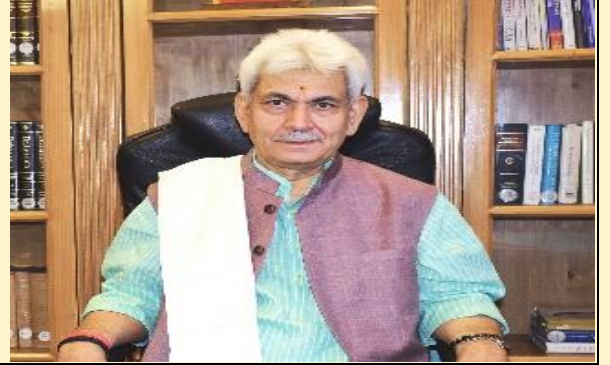

SKICC is just 25-30 minutes-drive from Srinagar International Airport and just 7 km from city centre taking 15 minutes.

## SCOPE OF THE CONFERENCE

### Integrative Approaches for Comprehensive Care in One-Health

In the dynamic landscape of healthcare, the concept of **One-Health** has emerged as a holistic approach that recognizes the interconnectedness of human health, animal health, and the environment. It emphasizes collaboration across disciplines to address complex health challenges. Within this framework, **integrative approaches** play a pivotal role in achieving comprehensive care. Let us delve into the significance and strategies of integrative approaches in the context of One-Health.

**Understanding Integrative Approaches:** Integrative approaches involve synergizing diverse perspectives, methodologies, and expertise to enhance health outcomes. Here are key aspects of integrative approaches:

**Multidisciplinary Collaboration:** Integrative care brings together professionals from various fields: physicians, veterinarians, ecologists, epidemiologists, and social scientists. By pooling knowledge, we gain a more comprehensive understanding of health issues.

**Holistic Assessment:** Integrative practitioners consider biological, psychological, social, and environmental factors.

This holistic view enables personalized care and prevention strategies.

**Shared Decision-Making:** Patients, caregivers, and experts collaborate to make informed decisions. Shared decision-making respects individual values and preferences.

**Applications in One-Health:** Let's explore how integrative approaches enhance One-Health initiatives:

**Zoonotic Disease Prevention:** Integrating veterinary and human medicine helps prevent zoonotic diseases (transmitted between animals and humans).

Early detection, surveillance, and joint interventions reduce risks.

**Environmental Health:** Integrative approaches consider ecosystems, climate change, and pollution. Addressing environmental factors improves overall health.

**Food Safety and Security:** Integrating agriculture, nutrition, and health ensures safe food production. Sustainable practices benefit both humans and animals.

**Mental Health and Well-Being:** Integrating mental health services into primary care settings improves outcomes. Recognizing the human-animal bond promotes emotional well-being.

**Challenges and Opportunities:** While integrative approaches offer immense potential, challenges persist.

**Silos and Communication Gaps:** Disciplines often work independently, hindering collaboration. Improved communication channels are essential.

**Education and Training:** Professionals need cross-disciplinary training. Curricula should emphasize integrative thinking.

**Research Funding and Support:** Funding agencies should prioritize interdisciplinary research. Incentives for collaborative projects can drive progress.

# Scientific Sessions

The conference will span over four days including three days of academic feast during main conference and one day of extensive pre-conference workshops. The scientific program will encompass a series of plenary sessions, keynote addresses, orations, and oral and poster presentations on the following sub-themes:

Adolescent Health	Interdisciplinary Research
Adult vaccination	Life Course Immunization
Advocacy & behavioural change	Lifestyle Medicine
Anaemia Mukht Bharat	Measles Rubella elimination
AI & Machine Learning in Healthcare	Medical education strategies
Ayushman Bharat-PMJAY	Mental health
Bio-integration & synthesis	Neglected tropical diseases
Climate change-health impact	Occupational Health and Safety
Communicable diseases	One-Health
Comprehensive primary health care	Pandemic threats & preparedness
Convergence of health systems	Polio eradication challenges
Crisis communication in health	Public health financing
COVID & Post COVID sequelae	Public Health Innovations
COVID Vaccination	Public health nutrition
Demographic transition	PPP in public health
Digital Health Solutions	Precision Medicine
Domestic violence	Research Ethics
Emerging & re-emerging diseases	Research funding in public health
Emporiatics	Safe water & sanitation
Environmental health	Social Determinants of Health
Ecology	Social media & health
Food safety and security	Spiritual health
Food fortification	Substance use
Front of Package Labelling	Telemedicine & Remote Monitoring
Genetics	Tobacco abuse
Geriatric healthcare	Tribal Health
GIS and Public Health	Tuberculosis elimination
Global Health Security	Universal Healthcare
health service delivery systems	UIP and newer vaccines
Health Equity	Vaccine development & safety
High altitude medicine	Verbal autopsy
HIV/AIDS	Vector-borne diseases
Implementation/translational research	Workplace-Health and Wellness
Integrative approached in health	Zoonotic diseases
<i>The sub-themes are indicative and not final</i>	

## INVITATION FOR CONFERENCE ABSTRACT SUBMISSION:

The Scientific Committee of IAPSMCON 2025 invites the submission of research abstracts for oral or poster presentations during the conference. Topics related to the listed sub-themes are welcome.

Best oral and poster presentations will be recognized and awarded across various sub-themes.

Abstracts for both oral presentations and posters can be submitted at IAPSMCON 2025 website. The submission period begins on October 1, 2024, and closes on December 31, 2024.

### Guidelines for Abstract Submission:

- Titles should be precise and informative, avoiding abbreviations.
- Include authors' names, affiliations, email IDs, and contact details.
- Structured abstracts should cover Background, Objectives, Methods, Results, and Conclusion, along with 5 relevant keywords.
- Keep abstracts within a maximum of 300 words.
- No provision for images, diagrams, or tables.
- Font type in Times New Roman and 12 size

For detailed instructions on formats, submission process, and terms & conditions, visit the IAPSMCON 2025 website.

Registration for IAPSMCON 2025 is available exclusively online. Visit the conference website [www.iapsmcon2025.com](http://www.iapsmcon2025.com) for registration and pre-conference program details.

## REGISTRATION DETAILS\* (fees in Rupees - ₹)

\*\*\* No delegate kit to be provided

\*\*\*\* Online Participation/ Presentation would be mentioned on Certificate of Participation/ Presentation

## Conference Highlights

- Four days of academic excellence
- Comprehensive pre-conference workshops
- Recognition for outstanding oral and poster presentations
- Orations by top-notch researchers and policy-makers
- Plenary lectures by national & international experts
- Insightful discussions by renowned public health professionals
- Networking opportunities with collaborators and partners
- Exploration of cutting-edge trends and research in public health
- Engaging events and activities leading up to the conference
- An enthralling walkathon/cyclathon on the Boulevard
- The vibrant Shikara Rally in the waters of Dal Lake
- Educational tours to GMC Srinagar and FPA

# Accommodation in Srinagar

Srinagar, nestled in the picturesque Kashmir valley, offers a range of delightful accommodation for tourists and visitors, ranging from five-star hotels including The Lalit Grant Palace, Taj Vivanta, Radisson and Radisson Blu, Four Points by Sheraton, RK Sarovar Portico, Grand Mahal, Hotel ITC Fortune, Hotel Lemon Tree, Grand Mumta The houseboats in Dal Lake and Nigeen Lake.

Name of Unit	No	Rooms	Bed Capacity
